

VERSO CORPORATION is a leading North American producer of graphic and specialty papers, packaging and pulp.

VERSO PRODUCTS

Verso's **graphic papers** portfolio comprises sheetfed, web, digital and inkjet papers used primarily in commercial printing, media and marketing applications, including magazines, catalogs, books, direct mail, corporate collateral and retail inserts.

With a focus on product innovation and customized solutions, our **specialty** product line includes release liner papers and high-performance label face stock for pressure sensitive, glue-applied and litho laminate applications.

Our **packaging papers** include recycled linerboard and medium used in corrugated box manufacturing, bleached virgin and recycled kraft paper used for a variety of bag, sack and converting applications, and SBS paperboard used in single-face corrugated laminated box applications.

Our **market pulp** is used to make printing, writing, specialty and packaging papers, facial and toilet tissue, and paper towels.

2.2*
million tons

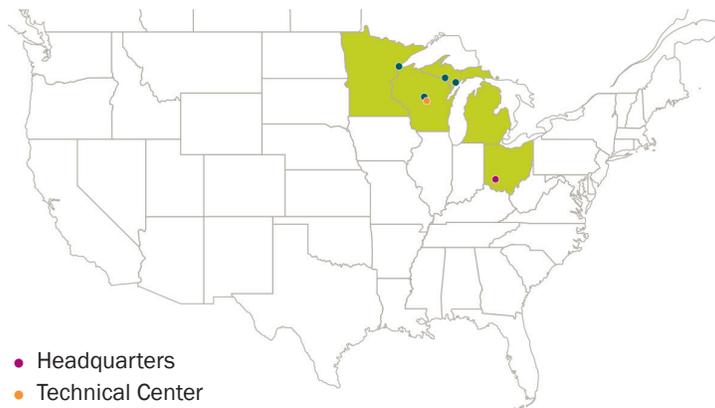

Verso mills have a total annual production capacity of approximately 2.2 million tons of paper.

2,900*
employees

5
sustainability principles

- Procure wood only from sustainably managed forests
- Continue to improve the environmental and safety performance of our operations
- Develop innovative products that provide both economic and environmental benefit
- Partner with customers and other important stakeholders on sustainability issues
- Continue to evaluate and report progress toward our sustainability goals

Our manufacturing flexibility and distinguished product portfolio combine to make Verso the most reliable resource in the industry to navigate the complexities of paper sourcing and performance.
